Phase 4 Groundwater Data c.xlsx

Revised spreadsheet attached.

The isotope value was confirmed and -99 permil is the correct value.

Hi Rick-

One item noted on spreadsheet: For dissolved K, the qualifier for sample PGDW32 should be changed from J to U.

In your response for the Isotech Gas Isotopes, you said you needed to follow up with Isotech and I just wanted to verify that you confirmed that the value of -99 is correct.

I can approve this through QLOG when I receive the corrected spreadsheet.

Thanks,

Steve
